

On October 25th, outcome data was shared among the partners of the *Safe Schools Healthy Students* initiative regarding the Adventure-Based Learning students from the SUNY Plattsburgh evaluation team:

Total discipline referrals for students participating in Adventure-Based Learning:

Before program implementation (2008-2009) 259

After program implementation (2009-2010) 43

ELA test scores 2007-2008: 547

ELA Scores 2009-2010: 669

Math test scores 2007-2008 564

Math test scores 2009-2010 692

2008-2009 ABL students represented 10.1% of all discipline referrals; 2009-2010 ABL kids represented 2.9% of all discipline referrals.
